Listening

1 Listen and circle the correct answer from a, b, c, or d:

4

- 1 Energy is something we all need every
a) week b) day c) month d) year
- 2 We use energy to light our homes, cook, watch TV, and our phones.
a) build b) sell c) change d) charge
- 3 Some energy comes from nature like and wind energy.
a) solar b) coal c) gas d) oil
- 4 Solar and wind energy are and don't pollute the environment.
a) clean b) dirty c) harmful d) expensive

Reading

2 Choose the correct answer from a, b, c, or d:

1.5

- 1 He isn't afraid of dogs. He is
a) scared b) beautiful c) kind d) brave
- 2 Beauty is not as important as
a) kindness b) size c) color d) shape
- 3 We can see when we go snorkeling.
a) turtles b) lions c) camels d) particles

3 Read and complete the text with the words in the box:

1.5

Rule – student – Nanoscience – global

Dr. Mostafa El – Sayed is a brilliant Egyptian scientist. Dr. El – Sayed became a (1) expert in chemistry and nanoscience. (2) is the study of very tiny things—much smaller than a human hair. One of his most important discoveries is called El – Sayed's (3), a scientific idea that was named after him.

4 Read the text and answer the questions:

7

The High Dam is a huge wall that crosses the Nile River in Aswan, Egypt. It holds a large lake called Lake Nasser. The High Dam provides electricity, stores water, and protects cities from floods. Farmers use the stored water to grow crops. People use electricity in homes, schools, and factories. Saving water and energy is important for Egypt's development.

A Choose the correct answer from a, b, c, or d:

- 1 The High Dam provides
a) meals b) cars c) trees d) electricity
- 2 The stored water helps farmers grow
a) crops b) buildings c) people d) water

B Answer the following questions:

- 3 What is the name of the lake near the High Dam?
.....
- 4 Where is the High Dam?
.....
- 5 Where can people use electricity?
.....

Writing

5 Put the words in the correct order to make sentences:

1

- 1 resources – do – water – do – What – engineers?
.....
- 2 park – keep – clean – the – We – should.
.....

6 Read and write the correct form of the word(s) between brackets:

4

- 1 They (must) sleep at school.
- 2 What can she (doing)?

7 Punctuate the following:

4

1 my father works in cairo.

.....

2 the rose often made fun of the cactus

.....

8 Write a paragraph of about (50 – 60) words using the following guiding elements:

7

"Reducing food waste at home"
save leftovers – store properly – share

.....
.....
.....

Listening

1 Listen and circle the correct answer from a, b, c, or d:

4

- 1 I'm doing research about jobs that help our
a) family b) school c) community d) city
- 2 I want to be a/an because I like fixing things.
a) teacher b) mechanic c) paramedic d) engineer
- 3 Ali wants to be a because it's a brave job and he will help save lives.
a) cook b) driver c) farmer d) paramedic
- 4 Sara wants to be a to help people get clean water.
a) water resources engineer b) doctor
c) nurse d) builder

Reading

2 Choose the correct answer from a, b, c, or d:

1.5

- 1 Oil and gas are energy resources.
a) renewable b) clean c) natural d) non – renewable
- 2 Plastic is a resource.
a) natural b) man – made c) renewable d) vegetable
- 3 To reduce food waste, we should food properly.
a) store b) throw c) cook d) ignore

3 Read and complete the text with the words in the box:

1.5

sunshine – power – water – wisely

Energy is something we all need every day—to light our homes, cook, watch TV, and charge our phones. In Egypt, we use electricity, gas, and solar (1) But energy is not endless, so we must use it (2) Some energy comes from nature, like solar and wind, which are clean and don't pollute. Egypt has lots of (3), so using more solar panels saves money and helps the planet.

4 Read the text and answer the questions:

7

One day, the rose saw a small bird fly down and gently peck at the cactus. The bird drank some water from inside the cactus and flew away, happy and refreshed. The rose was surprised. She didn't know the cactus had water inside. The rose felt embarrassed and said sorry. The rose asked the cactus for some water. The kind cactus smiled and shared his water with the rose. Slowly, the rose came back to life. From that day on, she never judged anyone by how they looked again.

A Choose the correct answer from a, b, c, or d:

- 1 The rose learned that being is the most important.
a) big b) colorful c) beautiful d) kind
- 2 The bird drank water from the
a) rose b) cactus c) pond d) soil

B Answer the following questions:

- 3 What did the bird do after drinking water from the cactus?

.....

- 4 Why was the rose surprised?

.....

- 5 What did the rose learn about judging others?

.....

Writing

5 Put the words in the correct order to make sentences:

1

- 1 so – Why – many – do – have – thorns – you?

.....

- 2 Doctors – medicine – give – people – to.

.....

6 Read and write the correct form of the word(s) between brackets:

4

- 1 We (able to) to see the view of the garden.

- 2 Drivers (mustn't) stop at red lights.

7

Punctuate the following:

4

1 Is arabic your favorite subject

.....

2 Nadia and omar are my best friends

.....

8

Write a paragraph of about (50 – 60) words using the following guiding elements:

7

"Using energy in Egypt"
energy – save - solar panels

.....
.....
.....

Listening

1 Listen and circle the correct answer from a, b, c, or d:

4

- 1 The High Dam helps people in many
a) kinds b) areas c) ways d) countries
- 2 Farmers use the water for
a) fishing b) irrigation c) drinking d) swimming
- 3 It protects cities from dangerous
a) floods b) winds c) fires d) sandstorms
- 4 The dam makes sure people have water even when the is low.
a) sea b) river c) lake d) desert

Reading

2 Choose the correct answer from a, b, c, or d:

1.5

- 1 Egyptians carved statues from
a) wood b) clay c) granite d) paper
- 2 Thorns protect the from harm.
a) flower b) cactus c) rose d) palm
- 3 A helps people cross the road and control cars.
a) dentist b) doctor c) baker d) traffic officer

3 Read and complete the text with the words in the box:

1.5

scientific – old – born – young

Mostafa El – Sayed is a brilliant Egyptian scientist! He was (1) in Egypt in 1933 and had a great love for learning from a (2) age. He studied at Ain Shams University in Cairo before going to the United States to continue his (3) research.

4 Read the text and answer the questions:

7

Ancient Egyptians built temples, houses, and tombs. They used materials like stone, clay, and wood. We still use stone today for sculptures and buildings. Papyrus was used for writing. Linen was made from flax. They used gold and colored stones to make jewelry. They made pots, jars, bricks, small statues, and amulets from clay. These materials helped them develop culture, and art.

A Choose the correct answer from a, b, c, or d:

- 1 Papyrus was used for
a) farming b) writing c) cooking d) trading
- 2 Linen is made from
a) flax b) cotton c) silk d) paper

B Answer the following questions:

- 3 Name two materials used by Ancient Egyptians.

.....

- 4 What did they use to make jewelry?

.....

- 5 How did these materials help them?

.....

Writing

5 Put the words in the correct order to make sentences:

1

- 1 help – clean – city – the – We – must

.....

- 2 fix – Are – you – to – this car – able?

.....

6 Read and write the correct form of the word(s) between brackets:

4

- 1 She (mustn't) wash her hands before meals.

- 2 We (should) waste food.

7 Punctuate the following:

4

1 my mother works in a hospital

.....

2 The ancient egyptians used papyrus to write.

.....

8 Write a paragraph of about (50 – 60) words using the following guiding elements:

7

"An Egyptian hero"
was born – studied – achieve

.....
.....
.....

Listening

1 Listen and circle the correct answer from a, b, c, or d:

4

1 Gold is a , yellow, shiny metal.

a) soft

b) heavy

c) rough

d) beautiful

2 Ancient Egyptians used gold to make beautiful

a) clothes

b) jewelry

c) tools

d) houses

3 Egypt also has in the Eastern Desert.

a) silver

b) copper

c) iron

d) bronze

4 We use iron to make

a) steel

b) wood

c) clay

d) plastic

Reading

2 Choose the correct answer from a, b, c, or d:

1.5

1 Papyrus is a material.

a) man – made

b) writing

c) building

d) food

2 My dad met the at school.

a) mechanic

b) tailor

c) architect

d) principal

3 More causes more pollution.

a) gold

b) garbage

c) money

d) thorns

3 Read and complete the text with the words in the box:

1.5

small – solve – large – river

The High Dam is a huge wall that crosses the Nile River in Aswan, Egypt. It holds a (1) lake called Lake Nasser. The dam stops the (2) from flooding and keeps water for people to use during the year. Egyptians built the High Dam to (3) problems with flooding and drought.

4 Read the text and answer the questions:

7

Mostafa El-Sayed is a brilliant Egyptian scientist! He was born in Egypt in 1933. One of his biggest achievements is his work with tiny gold particles. He found out how these “gold nanoparticles” can be used to help doctors detect and treat some types of cancer. Because of his important discoveries, Dr. El – Sayed has received many awards.

A Choose the correct answer from a, b, c, or d:

- 1 Dr. El – Sayed was born in
a) 1959 b) 1933 c) 1993 d) 1922
- 2 Dr. El – Sayed is a brilliant Egyptian
a) tailor b) teacher c) scientist d) officer

B Answer the following questions:

- 3 What did he work with in his scientific research?
.....
- 4 What can his discovery help doctors do?
.....
- 5 What did Dr. El-Sayed receive because of his important discoveries?
.....

Writing

5 Put the words in the correct order to make sentences:

1

- 1 The – street – clean – cleaners – street - the.
.....
- 2 working – the history – on – Are – project – you?
.....

6 Read and write the correct form of the word(s) between brackets:

4

- 1 People (mustn't) protect the Nile.
- 2 Teachers should (helping) students learn.

7 Punctuate the following:

4

1 Dr. El – Sayed is from egypt

.....

2 the dam protects people from floods

.....

8 Write a paragraph of about (50 – 60) words using the following guiding elements:

7

“How the High Dam helps Egypt”
floods – electricity – crops

.....
.....
.....

Listening

1 Listen and circle the correct answer from a, b, c, or d:

4

- 1 Dr. Magdi Yacoub was born in in 1935.
a) Cairo b) Assuit c) Alexandria d) Luxor
- 2 He studied medicine at University.
a) Cairo b) Oxford c) Cambridge d) Alexandria
- 3 He moved to to learn more about heart surgery.
a) France b) England c) USA d) Germany
- 4 He became one of the top in the world.
a) engineers b) teachers c) heart surgeons d) architects

Reading

2 Choose the correct answer from a, b, c, or d:

1.5

- 1 Bricks are made by mixing and water.
a) granite b) plastic c) paper d) clay
- 2 Farmers remove from crops.
a) weeds b) water c) flowers d) sand
- 3 Lake Nasser stores
a) oil b) energy c) water d) sand

3 Read and complete the text with the words in the box:

1.5

Western – money – water – minerals

Egypt has many valuable things under the ground. We call these things (1) They are very important for our country. Egypt has a lot of oil, rocks, and metals. We find oil deep under the ground, especially in the (2) Desert and Sinai. Oil is a black liquid. Egypt sells oil to other countries. This brings (3) to Egypt.

4 Read the text and answer the questions:

7

Wasting water is a big problem for the community. Sometimes, we waste water without knowing. We take long showers or leave the water running when we brush our teeth or wash the dishes. Giving plants too much water is also a waste. To stop this, we can do easy things: Take shorter showers. Always turn off the water when you are not using it.

A Choose the correct answer from a, b, c, or d:

- 1 Sometimes, we waste water without
a) running b) washing c) brushing d) knowing
- 2 Always turn the water when you are not using it.
a) off b) on c) in d) of

B Answer the following questions:

- 3 What is the big problem in this text?

.....

- 4 How do people waste water?

.....

- 5 What can we do to stop wasting water?

.....

Writing

5 Put the words in the correct order to make sentences:

1

- 1 shared – should – food – Leftover – be

.....

- 2 was – long – The cactus – covered – thorns – in.

.....

6 Read and write the correct form of the word(s) between brackets:

4

- 1 People (mustn't) save energy.
- 2 Farmers should (removed) weeds.

7 Punctuate the following:

4

1 the proud rose shared water with the cactus

.....

2 the High Dam is in aswan.

.....

8 Write a paragraph of about (50 – 60) words using the following guiding elements:

7

"Jobs that help my community"
emergencies – control – clean

.....
.....
.....

Listening

1 Listen and circle the correct answer from a, b, c, or d:

4

Energy is something we all need every day. We use it to light our homes, cook, watch TV, and charge our phones. Some energy comes from nature, like solar and wind energy. They are clean and don't pollute the environment.

- 1 Energy is something we all need every
a) week b) day c) month d) year
- 2 We use energy to light our homes, cook, watch TV, and our phones.
a) build b) sell c) change d) charge
- 3 Some energy comes from nature like and wind energy.
a) solar b) coal c) gas d) oil
- 4 Solar and wind energy are and don't pollute the environment.
a) clean b) dirty c) harmful d) expensive

Reading

2 Choose the correct answer from a, b, c, or d:

1.5

- 1 He isn't afraid of dogs. He is
a) scared b) beautiful c) kind d) brave
- 2 Beauty is not as important as
a) kindness b) size c) color d) shape
- 3 We can see when we go snorkeling.
a) turtles b) lions c) camels d) particles

3 Read and complete the text with the words in the box:

1.5

Rule – student – Nanoscience – global

Dr. Mostafa El – Sayed is a brilliant Egyptian scientist. Dr. El – Sayed became a (1) global expert in chemistry and nanoscience. (2) Nanoscience is the study of very tiny things—much smaller than a human hair. One of his most important discoveries is called El – Sayed's (3) Rule, a scientific idea that was named after him.

4 Read the text and answer the questions:

7

The High Dam is a huge wall that crosses the Nile River in Aswan, Egypt. It holds a large lake called Lake Nasser. The High Dam provides electricity, stores water, and protects cities from floods. Farmers use the stored water to grow crops. People use electricity in homes, schools, and factories. Saving water and energy is important for Egypt's development.

A Choose the correct answer from a, b, c, or d:

- 1 The High Dam provides
a) meals b) cars c) trees d) electricity
- 2 The stored water helps farmers grow
a) crops b) buildings c) people d) water

B Answer the following questions:

- 3 What is the name of the lake near the High Dam?
Lake Nasser.
- 4 Where is the High Dam?
Aswan, Egypt.
- 5 Where can people use electricity?
Homes, schools, and factories.

Writing

5 Put the words in the correct order to make sentences:

1

- 1 resources – do – water – do – What – engineers?
What do water resources engineers do?
- 2 park – keep – clean – the – We – should
We should keep the park clean.

6 Read and write the correct form of the word(s) between brackets:

4

- 1 They **mustn't** sleep at school.
- 2 What can she **do**?

7 Punctuate the following:

4

1 my father works in cairo.

My father works in Cairo.

2 the rose often made fun of the cactus

The rose often made fun of the cactus.

8 Write a paragraph of about (50 – 60) words using the following guiding elements:

7

"Reducing food waste at home"

save leftovers – store properly – share

We should reduce food waste at home by saving leftovers and storing them properly. We can also share extra food with neighbors or friends. By doing this, we help our community and prevent unnecessary waste. Everyone should follow these steps to make the environment cleaner and save resources.

Listening

1 Listen and circle the correct answer from a, b, c, or d:

4

I'm doing research about jobs that help our community. I want to make a list of jobs and what they do. I want to be a mechanic because I like fixing things. Ali wants to be a paramedic because it's a brave job and he will help save lives. Sara wants to be a water resources engineer to help people get clean water. One day, we can all do something to help our community.

- 1 I'm doing research about jobs that help our
a) family b) school c) **community** d) city
- 2 I want to be a/an because I like fixing things.
a) teacher b) **mechanic** c) paramedic d) engineer
- 3 Ali wants to be a because it's a brave job and he will help save lives.
a) cook b) driver c) farmer d) **paramedic**
- 4 Sara wants to be a to help people get clean water.
a) **water resources engineer** b) doctor
c) nurse d) builder

Reading

2 Choose the correct answer from a, b, c, or d:

1.5

- 1 Oil and gas are energy resources.
a) renewable b) clean c) natural d) **non – renewable**
- 2 Plastic is a resource.
a) natural b) **man – made** c) renewable d) vegetable
- 3 To reduce food waste, we should food properly.
a) **store** b) throw c) cook d) ignore

3 Read and complete the text with the words in the box:

1.5

sunshine – power – water – wisely

Energy is something we all need every day—to light our homes, cook, watch TV, and charge our phones. In Egypt, we use electricity, gas, and solar (1) **power**. But energy is not endless, so we must use it (2) **wisely**. Some energy comes from nature, like solar and wind, which are clean and don't pollute. Egypt has lots of (3) **sunshine**, so using more solar panels saves money and helps the planet.

4 Read the text and answer the questions:

7

One day, the rose saw a small bird fly down and gently peck at the cactus. The bird drank some water from inside the cactus and flew away, happy and refreshed. The rose was surprised. She didn't know the cactus had water inside. The rose felt embarrassed and said sorry. The rose asked the cactus for some water. The kind cactus smiled and shared his water with the rose. Slowly, the rose came back to life. From that day on, she never judged anyone by how they looked again.

A Choose the correct answer from a, b, c, or d:

- 1 The rose learned that being is the most important.
a) big b) colorful c) beautiful d) kind
- 2 The bird drank water from the
a) rose b) cactus c) pond d) soil

B Answer the following questions:

- 3 What did the bird do after drinking water from the cactus?
It flew away, happy and refreshed.
- 4 Why was the rose surprised?
She didn't know the cactus had water inside.
- 5 What did the rose learn about judging others?
She learned not to judge anyone by how they looked.

Writing

5 Put the words in the correct order to make sentences:

1

- 1 so – Why – many – do – have – thorns – you?
Why do you have so many thorns?
- 2 Doctors – medicine – give – people – to.
Doctors give medicine to people.

6 Read and write the correct form of the word(s) between brackets:

4

- 1 We are able to see the view of the garden.
- 2 Drivers must stop at red lights.

7 Punctuate the following:

4

- 1 Is arabic your favorite subject
Is **A**rabic your favorite subject?
- 2 Nadia and omar are my best friends
Nadia and **O**mar are my best friends.

8 Write a paragraph of about (50 – 60) words using the following guiding elements:

7

"Using energy in Egypt"

energy – save – solar panel

In Egypt, we use electricity, gas, and solar energy. Solar panels are very useful because they save energy and protect the environment. People should turn off lights and fans when not needed. Using energy wisely helps the planet and saves money for families. Everyone should try to save energy every day.

Listening

1 Listen and circle the correct answer from a, b, c, or d:

4

The High Dam helps people in many ways. Farmers use the water for irrigation, so they can grow vegetables, fruits, and grains all year. The dam also sends electricity to homes, schools, hospitals, and factories across Egypt. It protects cities from dangerous floods, and it makes sure people have water even when the river is low.

- 1 The High Dam helps people in many
a) kinds b) areas c) ways d) countries
- 2 Farmers use the water for
a) fishing b) irrigation c) drinking d) swimming
- 3 It protects cities from dangerous
a) floods b) winds c) fires d) sandstorms
- 4 The dam makes sure people have water even when the is low.
a) sea b) river c) lake d) desert

Reading

2 Choose the correct answer from a, b, c, or d:

1.5

- 1 Egyptians carved statues from
a) wood b) clay c) granite d) paper
- 2 Thorns protect the from harm.
a) flower b) cactus c) rose d) palm
- 3 A helps people cross the road and control cars.
a) dentist b) doctor c) baker d) traffic officer

3 Read and complete the text with the words in the box:

1.5

scientific – old – born – young

Mostafa El – Sayed is a brilliant Egyptian scientist! He was (1) **born** in Egypt in 1933 and had a great love for learning from a (2) **young** age. He studied at Ain Shams University in Cairo before going to the United States to continue his (3) **scientific** research.

4 Read the text and answer the questions:

A Choose the correct answer from a, b, c, or d:

- 1 Papyrus was used for
a) farming b) writing c) cooking d) trading
- 2 Linen is made from
a) flax b) cotton c) silk d) paper

B Answer the following questions:

- 3 Name two materials used by Ancient Egyptians.
Stone and clay.
- 4 What did they use to make jewelry?
Gold and colored stones.
- 5 How did these materials help them?
They helped develop culture and art.

Writing

5 Put the words in the correct order to make sentences:

1

- 1 help – clean – city – the – We – must
We must help clean the city.
- 2 fix – Are – you – to – this car – able?
Are you able to fix this car?

6 Read and write the correct form of the word(s) between brackets:

4

- 1 She **must** wash her hands before meals.
- 2 We **shouldn't** waste food.

7 Punctuate the following:

4

- 1 my mother works in a hospital
My mother works in a hospital.
- 2 The ancient egyptians used papyrus to write.
The Ancient Egyptians used papyrus to write.

8 Write a paragraph of about (50 – 60) words using the following guiding elements:

7

"An Egyptian hero"

was born – studied – achieve

Dr. Magdi Yacoub was born in Assuit, Egypt. He studied medicine at Cairo University and became one of the best heart surgeons in the world. His work helped save thousands of lives. He built a hospital for children in Aswan. He is a great example of an Egyptian hero. His hard work made Egypt proud.

Listening

1 Listen and circle the correct answer from a, b, c, or d:

4

Gold is a beautiful, yellow, shiny metal. Long ago, Ancient Egyptians used gold to make beautiful jewelry for kings and queens. Today, Egypt still finds gold in the Eastern Desert. Also, Egypt has iron in the Eastern Desert. Iron is a strong metal. We use iron to make steel. We use it to build big buildings and cars.

- 1 Gold is a, yellow, shiny metal.
a) soft b) heavy c) rough d) beautiful
- 2 Ancient Egyptians used gold to make beautiful
a) clothes b) jewelry c) tools d) houses
- 3 Egypt also has in the Eastern Desert.
a) silver b) copper c) iron d) bronze
- 4 We use iron to make
a) steel b) wood c) clay d) plastic

Reading

2 Choose the correct answer from a, b, c, or d:

1.5

- 1 Papyrus is a material.
a) man – made b) writing c) building d) food
- 2 My dad met the at school.
a) mechanic b) tailor c) architect d) principal
- 3 More causes more pollution.
a) gold b) garbage c) money d) thorns

3 Read and complete the text with the words in the box:

1.5

Mostafa El – Sayed is a brilliant Egyptian scientist! He was born in Egypt in 1933. One of his biggest achievements is his work with tiny gold particles. He found out how these “gold nanoparticles” can be used to help doctors detect and treat some types of cancer. Because of his important discoveries, Dr. El – Sayed has received many awards.

A Choose the correct answer from a, b, c, or d:

- 1 Dr. El – Sayed was born in
a) 1959 b) 1933 c) 1993 d) 1922
- 2 Dr. El – Sayed is a brilliant Egyptian
a) tailor b) teacher c) scientist d) officer

B Answer the following questions:

- 3 What did he work with in his scientific research?
He worked with tiny gold particles “gold nanoparticles”.
- 4 What can his discovery help doctors do?
It can help doctors detect and treat some types of cancer.
- 5 What did Dr. El–Sayed receive because of his important discoveries?
He received many awards.

Writing

5 Put the words in the correct order to make sentences:

1

- 1 The – street – clean – cleaners – street - the.
The street cleaners clean the street.
- 2 working – the history – on – Are – project – you?
Are you working on the history project?

6 Read and write the correct form of the word(s) between brackets:

4

- 1 People **must** protect the Nile.
- 2 Teachers should **help** students learn.

7 Punctuate the following:

4

- 1 Dr. El – Sayed is from egypt
Dr. El – Sayed is from Egypt.
- 2 the dam protects people from floods
The dam protects people from floods.

8 Write a paragraph of about (50 – 60) words using the following guiding elements:

7

“How the High Dam helps Egypt”

floods – electricity – crops

The High Dam in Aswan gives Egypt many benefits. It protects people from floods, saves water, and provides electricity for homes and factories. Farmers can grow crops all year because of the dam's water. It is one of Egypt's most important projects.

Listening

1 Listen and circle the correct answer from a, b, c, or d:

4

Dr. Magdi Yacoub is one of the most famous heart doctors in the world. He was born in 1935 in Assuit, a city in Upper Egypt. He studied medicine at Cairo University and then moved to England to learn more about heart surgery. He became one of the top heart surgeons in the world.

- 1 Dr. Magdi Yacoub was born in in 1935.
a) Cairo b) Assuit c) Alexandria d) Luxor
- 2 He studied medicine at University.
a) Cairo b) Oxford c) Cambridge d) Alexandria
- 3 He moved to to learn more about heart surgery.
a) France b) England c) USA d) Germany
- 4 He became one of the top in the world.
a) engineers b) teachers c) heart surgeons d) architects

Reading

2 Choose the correct answer from a, b, c, or d:

1.5

- 1 Bricks are made by mixing and water.
a) granite b) plastic c) paper d) clay
- 2 Farmers remove from crops.
a) weeds b) water c) flowers d) sand
- 3 Lake Nasser stores
a) oil b) energy c) water d) sand

3 Read and complete the text with the words in the box:

1.5

Western – money – water – minerals

Egypt has many valuable things under the ground. We call these things (1) **minerals**. They are very important for our country. Egypt has a lot of oil, rocks, and metals. We find oil deep under the ground, especially in the (2) **Western** Desert and Sinai. Oil is a black liquid. Egypt sells oil to other countries. This brings (3) **money** to Egypt.

4 Read the text and answer the questions:

7

Wasting water is a big problem for the community. Sometimes, we waste water without knowing. We take long showers or leave the water running when we brush our teeth or wash the dishes. Giving plants too much water is also a waste. To stop this, we can do easy things: Take shorter showers. Always turn off the water when you are not using it.

A Choose the correct answer from a, b, c, or d:

- 1 Sometimes, we waste water without
a) running b) washing c) brushing d) knowing
- 2 Always turn the water when you are not using it.
a) off b) on c) in d) of

B Answer the following questions:

- 3 What is the big problem in this text?
Wasting water.
- 4 How do people waste water?
By taking long showers or leaving taps running.
- 5 What can we do to stop wasting water?
Take shorter showers and turn off the water when we are not using it.

Writing

5 Put the words in the correct order to make sentences:

1

- 1 shared – should – food – Leftover – be
Leftover food should be shared.
- 2 was – long – The cactus – covered – thorns – in.
The cactus was covered in long thorns.

6 Read and write the correct form of the word(s) between brackets:

4

- 1 People **must** save energy.
- 2 Farmers should **remove** weeds.

7 Punctuate the following:

4

- 1 the proud rose shared water with the cactus
The proud rose shared water with the cactus.
- 2 the High Dam is in aswan.
- 3 The High Dam is in Aswan.

8 Write a paragraph of about (50 – 60) words using the following guiding elements:

7

"Jobs that help my community"

emergencies – control – clean

There are many jobs that help our community. Doctors and paramedics save lives. Street cleaners keep the city clean. Police officers control traffic and keep us safe. Everyone's job is important to make our community better.

Model 1

1 Choose the correct answer from a, b, c, or d:

- 1 Electricity is used for heating and
 a) gold b) jewelry c) lights d) iron
- 2 The cactus stored water to survive the desert.
 a) noisy b) dry c) crowded d) refreshed
- 3 Egyptians used to make jewelry and decorations.
 a) clay b) linen c) solar power d) gold
- 4 Thorns on a cactus are to protect it.
 a) sharp b) proud c) weak d) unpleasant

2 Read and complete the text with the words in the box:

help – engineers – traffic officer – tailor

We shouldn't forget our great community builders who work together to make things better. A (1)..... helps people cross the road. Water resources (2)..... make sure people get clean water in their homes and schools. A paramedic responds to emergencies, while street cleaners help keep our neighborhoods tidy. We should all (3)..... to make our country strong. We should also protect our community from pollution.

3 Read and write the correct form of the word(s) between brackets:

- 1 I (not can) swim in the pool. I feel embarrassed when I go with my friends.
- 2 You (must) throw rubbish on the ground.

Model 2

1 Choose the correct answer from a, b, c or d:

- 1 energy comes from the sun and doesn't pollute the Earth.
a) Solar b) Granite c) Ancient d) Modern
- 2 A/An helps transport goods to homes and stores.
a) paramedic b) delivery person c) architect d) street cleaner
- 3 My father got thousands of to build our house.
a) vehicles b) bottles c) mechanics d) bricks
- 4 The rose felt very because every desert creature admired her.
a) weak b) embarrassed c) proud d) unpleasant

2 Put the words in the correct order to make sentences

- 1 eat – class – I – the – Can – in?
.....
- 2 drank – from inside – water – cactus – The bird – the.
.....
- 3 some – water – Could – give me – you?
.....

3 Read and write the correct form of the word(s) between brackets:

- 1 Mazen should (cleaning) his hands before eating.
- 2 Students (mustn't wear) a uniform at school.
- 3 You should (eats) healthy food.
- 4 The driver (mustn't) follow the traffic lights.

Maria : Hi Khadeeja! I'm making a (1)..... about saving energy.

Khadeeja : That's a great idea! My mom always tells me we must use energy wisely.

Khadeeja : Yes, and wasting energy causes (3)..... change, which affects animals! We should try to walk or ride our bikes for short distances instead of using cars.

Khadeeja : Great! This way we don't (5)..... the air.

paramedic architect mechanic vehicle

1	paramedic	architect	mechanic	vehicle
2	sharp	vehicle	dry	unpleasant
3	community	emergency	control	creature
4	petals	thorns	research	leaves
5	gold	peck	pollute	build
6	granite	brave	papyrus	linen
7	will	mustn't	can't	shouldn't

1 You waste water when brushing your teeth.

- 1** You waste water when brushing your teeth.
a) must b) mustn't c) can
- 2** The proud rose grew in a desert.
a) noisy b) dry c) refreshed
- 3** Solar convert sunlight into electricity.
a) amulets b) panels c) creatures
- 4** When something is not nice and makes you feel unhappy or uncomfortable, it is
a) brave b) proud c) unpleasant
- 5** My sister is to ride a bike.
a) can b) able c) should

كيفية طباعة صفحات معينة من ملف معين مثلا ازاي نطبع الصفحات من صفحة 4 الى صفحة 9

Test 1

1 Choose the correct answer from a, b, c, or d.

- 1- is made from sand and used in windows.
a) Brick b) Paper c) Plastic d) Glass
- 2- The High Dam gives us by using the power of water.
a) wall b) electricity c) animals d) food
- 3- Traffic help people drive safely on the road.
a) signs b) research c) parents d) garbage
- 4- The person brings food to our house.
a) vet b) mechanic c) doctor d) delivery
- 5- Mostafa El-Sayed is a brilliant Egyptian
a) doctor b) mechanic c) scientist d) vet

- 1- my - fixed - The - old - coat - tailor .
.....
- 2- cactus - sharp - The - covered - thorns - is - in .
.....
- 3- money - wastes - Wasting - and - food - water .
.....
- 4- Egyptians - clay - made - jars - from - Ancient - and pots .
.....
- 5- materials - use - What - did - Egyptians - Ancient ?
.....

3 Read and write the correct form of the word(s) between brackets.

- 1- You shouldn't (sleeps) late.
- 2- You (mustn't) save energy.
- 3- She (are) able to answer all the questions.

Test 2

1 Choose the correct answer from a, b, c, or d.

- 1- A fixes cars and machines.
a) paramedic b) mechanic c) architect d) doctor
- 2- We use to get energy from the sun.
a) wind turbines b) fridges c) green houses d) solar panels
- 3- Ancient Egyptians used gold to make
a) jewelry b) books c) clothes d) shoes
- 4- Mostafa El-Sayed became an expert in and nanoscience.
a) history b) English c) chemistry d) math
- 5- Restaurants throw away food.
a) leftover b) animals c) smart d) happy

2 Read and complete the text with the words in the box.

(steel - oil - soil - heating - jewelry)

Minerals are gifts from under the ground. We use (1) to make our cars go. We use natural gas for cooking, (2) and making electricity for lights and TVs. Gold is a very shiny metal which is used to make (3) We use iron to make (4) because it's strong for our buildings.

3 Read and write the correct form of the word(s) between brackets.

- 1- We (mustn't) turn off lights to save energy.
- 2- Ali (can) run fast. He hurt his leg.
- 3- Can I (plays) outside?
- 4- We should (eating) healthy food.
- 5- I am (able) draw beautiful flowers.

Test 3

1

Choose the correct answer from a, b, c, or d.

- 1- Ancient Egyptians used to write on.
a) granite b) papyrus c) gold d) bricks
- 2- The High Dam helps protect Egypt from
a) sandstorm b) snow c) flooding d) fires
- 3- The helps people in emergencies.
a) paramedic b) tailor c) architect d) teacher
- 4- You should walk or bikes.
a) ride b) fly c) drive d) hang
- 5- The rose had soft red that sparkled in the sun.
a) petals b) creatures c) seasons d) vehicles

2

Put the words in the correct order to make sentences.

- 1- linen - used - mummies - Egyptians - wrap - to - Ancient .
.....
- 2- pollution - protect - We - from - must - the Earth .
.....
- 3- natural - Egypt - resources - has - many .
.....
- 4- buildings - Steel - cars - for - is - and - used .
.....
- 5- cancer - treat - Tiny - particles - gold - can .
.....

3

Read and write the correct form of the word(s) between brackets.

- 1- Fady (be) able to play football.
- 2- Can you (saw) that big cloud?
- 3- The driver (mustn't) follow the traffic lights.

Test 4

1 Choose the correct answer from a, b, c, or d.

1- We use to make pots.

- a) cotton b) clay c) stones d) papyrus

2- help control cars.

- a) Paramedics b) Traffic officers c) Teachers d) Tailors

3- My dress is made of It's very soft.

- a) linen b) gold c) granite d) clay

4- The black liquid we use for energy is called

- a) gas b) water c) juice d) oil

5- The cactus grows in the

- a) tree b) sky c) water d) desert

2 Read and complete the text with the words in the box.

(hang - terrible - throw - walk)

We have a big problem in our community. The garbage near the park looks (1) People (2) garbage everywhere. It's bad for the environment. We need to do something. We can bring some garbage bags to clean it. We can make posters to (3) around the park. We will ask them to use bins. Our classmates can join us to help.

3 Read and write the correct form of the word(s) between brackets.

1- They (is able) to read.

2- Ali should (does) a lot of research first.

3- We (mustn't) protect animals from climate change.

Test 5

1 Choose the correct answer from a, b, c, or d.

- 1- The thorns are very I can't touch them.
a) soft b) nice c) great d) sharp
- 2- Dr. El-Sayed has received many big
a) rules b) awards c) vehicles d) offices
- 3- You should put the garbage in garbage to keep the place clean.
a) bags b) books c) bikes d) signs
- 4- Egyptians used to make jewelry and decorations.
a) clay b) linen c) solar power d) gold
- 5- The street keeps our roads clean.
a) mechanics b) cleaner c) tailor d) officer

2 Read and complete the text with the words in the box.

(oil – materials – windows - writing)

Man-made resources are things people create using natural (1)..... For example, plastic is made from (2)..... and used for bottles and toys. Glass is made from sand and used in (3)....., mirrors, and cups. These are amazing materials.

3 Read and write the correct form of the word(s) between brackets.

- 1- My sister can (played) the piano beautifully.
- 2- She (not can) walk to school.
- 3- You (mustn't) wash your hands before eating.
- 4- You must (are) careful while crossing the road.
- 5- I am able (help) my community.

Test 1

1 Choose the correct answer from a, b, c, or d.

- 1- is made from sand and used in windows.
a) Brick b) Paper c) Plastic d) Glass
- 2- The High Dam gives us by using the power of water.
a) wall b) electricity c) animals d) food

1 Listen and circle the correct answer from a, b, c or d:

1. Salma's favorite is Dr. Mostafa El-Sayed.
a. teacher b. scientist c. police officer d. engineer
2. He discovered how nanoparticles can treat some types of cancer.
a. gold b. plastic c. wood d. silver
3. His in nanoscience is very important for medicine.
a. work b. book c. research d. magazine
4. He is a Egyptian scientist who makes Egypt proud.
a. brilliant b. lazy c. bad d. hard

(B) Reading

2 Choose the correct answer from a, b, c or d:

1. To is to make something look nice or beautiful.
a. decorate b. believe c. protect d. wear
2. Hana spends her money when she goes shopping. She doesn't waste it.
a. simply b. wisely c. kindly d. nicely
3. Plastic and bricks are man-made
a. resources b. plants c. factories d. tips

3 Read and complete the text with the words in the box:

pollution – store – leftover – smart

In Egypt, people waste a lot of food every day. Many families cook more than they need and throw away (1) food after meals. When good food is wasted, money and water are wasted too. The garbage increases and causes more (2) in cities. To solve this problem, people should plan meals, buy less, and (3) food in the right way. Small actions can help protect our environment and save food for others.

4 Read the text and answer the questions:

Every day, we use energy to live comfortably, cook, play games, and use machines at home. But when we waste too much energy, we hurt our planet. Some energy comes from oil and gas, which make the air dirty. Other kinds, like solar and wind energy, are clean and safe. Egypt has bright sunshine almost every day, so solar power is a great choice. We can save energy by switching off lights, walking instead of driving, and unplugging chargers. If everyone saves a little, we can protect the Earth together!

(A) Choose the correct answer from a, b, c or d:

1. The underlined word “solar” means “related to the ”.
a. wind b. air c. sun d. moon
2. We can the Earth if we save energy.
a. protect b. harm c. hurt d. waste

(B) Answer the following questions:

3. What is the general idea of the text?
.....

4. Why is solar power a perfect choice for Egypt?
.....

5. How can we save energy?
.....

(C) Writing

(B) Reading

2 Choose the correct answer from a, b, c or d:

1. The we saw at the museum were very scary.

- a. mummies b. jewelry c. jars d. stones

2. Naguib Mahfouz received many for the books he wrote.

- a. discoveries b. awards c. effects d. solutions

3. is a strong metal used to make buildings and bridges.

- a. Gold b. Iron c. Gas d. Fuel

3 Read and complete the text with the words in the box:

iron – oil – gas – minerals

Egypt has many valuable things under the ground. These (1) are very important for the country's growth, work, and industry. In the wide deserts of Egypt, workers find black (2) that can be used to make fuel and produce energy for homes. The country also has (3), which helps build strong bridges, cars, and tall buildings. By using these natural materials wisely, Egypt can stay strong and develop a better and brighter future for everyone.

4 Read the text and answer the questions:

Some people think food is endless, but it's not. Every plate of rice or piece of bread takes hard work to make and reach our homes. Farmers, drivers, and shop workers all spend time and energy to bring it to us. When we waste food, we waste their effort and the planet's resources too. Throwing food away also means losing money and clean water. We can make a change by eating what we take, sharing with others, and saving what's left for later. Wise people never waste food — they respect it and the hands that made it.

(A) Choose the correct answer from a, b, c or d:

1. The underlined word "waste" is similar in meaning to ".....".
a. save b. throw c. walk d. think
2. By not wasting food, we the hands that made it.
a. respect b. harm c. eat d. drink

(B) Answer the following questions:

3. What do we waste when we waste food?
.....

4. How can we make a change?
.....

5. Summarize the text in one sentence.
.....

(C) Writing

5 Put the words in the correct order to make sentences:

1. save – You – turn off – must – energy – lights. – and

.....

2. the – people? – How – High Dam – does – help

.....

6 Read and write the correct form of the word(s) between brackets:

1. My sister has a toothache. She (should) eat candy.

2. You must (staying) quiet in the library.

7 Punctuate the following:

1. Why did the Egyptians build the High dam

.....

2. Dr. El-Sayed received the U.s. National Medal of Science

.....

8 Write a paragraph of FIFTY (50) words using the following guiding elements:

“An Egyptian scientist”

(expert – awards)

.....

.....

.....

.....

Test 1 Answers

(A) Listening

Listening Script:

My name is Salma. I'm a doctor. My favorite scientist is Dr. Mostafa El-Sayed. His work helps doctors like me. He discovered how gold nanoparticles can detect and treat some types of cancer. His research in nanoscience is very important for medicine. He is a brilliant Egyptian scientist who makes Egypt proud. His ideas help us give better care to sick people.

1 Listen and circle the correct answer from a, b, c or d:

1. (b)

2. (a)

3. (c)

4. (a)

(B) Reading

2 Choose the correct answer from a, b, c or d:

1. (a)

2. (b)

3. (a)

3 Read and complete the text with the words in the box:

1. leftover

2. pollution

3. store

4 Read the text and answer the questions:

(A) Choose the correct answer from a, b, c or d:

1. (c)

2. (a)

(B) Answer the following questions:

3. The text is about saving energy and protecting the Earth.

4. Solar power is perfect for Egypt because it has bright sunshine almost every day.

5. We can save energy by turning off lights, walking instead of driving, and unplugging chargers.

(C) Writing

5 Put the words in the correct order to make sentences:

1. I saw a picture of a papyrus scroll.
2. Dr. Mostafa El-Sayed studied at Ain Shams University in Cairo.

6 Read and write the correct form of the word(s) between brackets:

1. mustn't
2. should

7 Punctuate the following:

1. Are you working on the history project?
2. Paper is made from trees and processed in factories.

8 Write an email of FIFTY (50) words using the following guiding elements:

To : nader@gmail.com

From : amr@yahoo.com

Subject: The High Dam

Hi Nader,

How are you? I want to tell you about the High Dam. It is a **huge wall** in Aswan that helps Egypt control the Nile River. It also gives farmers water to **grow crops** and produces clean electricity for people every day. It's very important for Egypt.

Yours,

Amr

Test 2 Answers

(A) Listening

Listening Script:

Energy is very important for daily life. Some types of energy, like solar and wind power, are clean energy and do not pollute the environment. Other types, like oil and gas, can harm the Earth. We must use energy wisely and save it by turning off lights and using the right-sized pot for cooking. Small actions can make a big difference.

1 Listen and circle the correct answer from a, b, c or d:

1. (b) 2. (d) 3. (a) 4. (c)

(B) Reading

2 Choose the correct answer from a, b, c or d:

1. (a) 2. (a) 3. (c)

3 Read and complete the text with the words in the box:

1. man-made 2. bricks 3. recycle

4 Read the text and answer the questions:

(A) Choose the correct answer from a, b, c or d:

1. (b) 2. (d)

(B) Answer the following questions:

3. He was born in 1935.
4. He received many awards and honors for his great work.
5. Dr. Magdi Yacoub is a famous Egyptian heart surgeon who helped many people.

(C) Writing

5 Put the words in the correct order to make sentences:

1. The High Dam helps people in many ways.
2. Stone is used in modern buildings.

6 Read and write the correct form of the word(s) between brackets:

1. eat
2. shouldn't

7 Punctuate the following:

1. People don't think about wasting food.
2. Energy is something we all need every day.

8 Write a paragraph of FIFTY (50) words using the following guiding elements:

The problem of food waste is serious in Egypt. People make more food than they eat. Restaurants throw away leftovers every day. This wastes money and clean water. We can plan meals and store food well at home. We should feed animals leftovers and always help food banks wisely.

Test 3 Answers

(A) Listening

Listening Script:

My name is Sami. I'm an Egyptian farmer. The High Dam helps me grow crops all year. It gives water for irrigation, so I can grow vegetables, fruits, and grains even when the Nile is low. The dam stops flooding and gives clean electricity. It makes life easier for farmers like me, and I am happy it helps people in Egypt every day.

1 Listen and circle the correct answer from a, b, c or d:

1. (a) 2. (c) 3. (b) 4. (d)

(B) Reading

2 Choose the correct answer from a, b, c or d:

1. (b) 2. (a) 3. (c)

3 Read and complete the text with the words in the box:

1. expert 2. nanoparticles 3. awards

4 Read the text and answer the questions:

(A) Choose the correct answer from a, b, c or d:

1. (a) 2. (c)

(B) Answer the following questions:

3. They used stone to build pyramids and statues.
4. They wrapped mummies with linen made from flax.
5. They proved that they were creative and skilled.

(C) Writing

5 Put the words in the correct order to make sentences:

1. Wasting food wastes money and water.
2. Ancient Egyptians carved huge statues from granite.

6 Read and write the correct form of the word(s) between brackets:

1. should
2. be

7 Punctuate the following:

1. You must turn off the lights to save energy.
2. Gold is a beautiful, yellow, shiny metal.

8 Write a diary of FIFTY (50) words using the following guiding elements:

– 15 November

Man-made resources are things that people create using natural materials. **Plastic** is made from oil and used for bottles, toys, and school things. **Paper** is made from trees and used for writing and reading. We can recycle plastic and paper to keep our world clean and safe.

Test 4 Answers

(A) Listening

Listening Script:

I'm Mrs. Salma, and I'm a teacher. I teach students about man-made resources. These resources are created using natural materials. Plastic comes from oil, glass comes from sand, and bricks come from clay and water. Paper is made from trees in factories. People should recycle paper and plastic to help the planet. My students learn how science helps people make useful things every day.

1 Listen and circle the correct answer from a, b, c or d:

1. (c) 2. (a) 3. (a) 4. (d)

(B) Reading

2 Choose the correct answer from a, b, c or d:

1. (a) 2. (b) 3. (b)

3 Read and complete the text with the words in the box:

1. minerals 2. oil 3. iron

4 Read the text and answer the questions:

(A) Choose the correct answer from a, b, c or d:

1. (b) 2. (a)

(B) Answer the following questions:

3. We waste people's effort, the planet's resources, money, and clean water.
2. We can make a change by eating what we take, sharing with others, and saving leftovers.
3. The text is about the importance of not wasting food and respecting the effort behind it.

(C) Writing

5 Put the words in the correct order to make sentences:

1. You must save energy and turn off lights.
2. How does the High Dam help people?

6 Read and write the correct form of the word(s) between brackets:

1. shouldn't
2. stay

7 Punctuate the following:

1. Why did the Egyptians build the High Dam?
2. Dr. El-Sayed received the U.S. National Medal of Science.

8 Write a paragraph of FIFTY (50) words using the following guiding elements:

- Dr. Mostafa El Sayed is a famous Egyptian scientist. He is an **expert** in chemistry and nanoscience. He studied in Egypt and the United States. He worked with gold nanoparticles to help doctors treat cancer. He received many **awards** for his great work and made Egypt very proud.

From : heba@gmail.com

Subject: Using energy wisely

Hi Soha,

How are you? I learned about using energy wisely. Clean energy comes from the sun and wind. We can protect our country by turning off lights, walking short distances, and saving electricity every day. Let's be energy heroes and keep our planet safe together!

Your friend,

Heba

Model A

• Choose the correct answer from a, b, c or d:

1. Water resources make sure we get clean water in our homes and schools.
a. mechanics b. engineers c. paramedics d. officers
2. We are to ride our bikes.
a. able b. can c. can't d. able to
3. A/An makes beautiful clothes.
a. officer b. mechanic c. architect d. tailor
4. Dr. Mostafa El Sayed helped doctors detect and some types of cancer.
a. read b. treat c. leave d. receive
5. Linen is made of
a. cotton b. wool c. flax d. papyrus

Model B

• Choose the correct answer from a, b, c or d:

1. The Ancient Egyptians used for writing.
a. papyrus b. flax c. wood d. clay
2. Solar save money and help the planet.
a. boxes b. wastes c. fridges d. panels
3. We waste water when washing our hands.
a. should b. can c. must d. shouldn't
4. We use gold to make
a. recipes b. meals c. clothes d. jewelry
5. Natural resources help Egypt grow and
a. develop b. use c. read d. write

Test (1)

1 Choose the correct answer from a, b, c or d:

- (1) Egypt has many valuable things the ground.
(a) behind (b) between (c) under (d) next
- (2) Oil is a black
(a) iron (b) rocks (c) materials (d) liquid
- (3) What time you leave for school every day?
(a) do (b) does (c) doing (d) did

2 Read and complete the text with the words in the box:

(indoors - warm - cold - outdoors)

The cities in Egypt have different weather. In Alexandria, it's (1) and rainy. In Cairo, the weather is (2) and sunny. So people are going (3) to enjoy the nice weather.

3 Read the text and answer the questions:

There are a lot of wild animals in the forest. There are monkeys. They eat nuts and bananas. They live in trees. There are elephants. The elephants eat leaves and grass, and they also like fruit and vegetables. There are lions. Lions are the strongest animals. There are giraffes. They have long necks. All of these animals live together in the forest.

(A) Choose the correct answer from a, b, c or d:

- (1) The main idea of the text is
 (a) the Zoo's animals (b) the forest animals
 (c) the garden's animals (d) the park's animals
- (2) The underlined "they" refers to
 (a) elephants (b) lions (c) monkeys (d) giraffes

(B) Answer the following questions:

- (3) What do the monkeys eat?

- (4) Where do the monkeys live?

- (5) Where do these animals live together?

4 Put the words in the correct answer to make a sentences:

- (1) High – wall – The – a huge – Dam – is

- (2) paper – make – recycle – People – notebooks – to

5 Read and write the correct form of the word (s) between brackets:

- (1) He must (**feeds**) his dog.
- (2) He (**shouldn't**) clean his room. It's messy.

6 Punctuate the following sentences:

- (1) why is research important
- (2) My friends Ali Ahmed and Samy are my best friends

7 Write an email of (50) words using the following guiding elements.

How to be healthy

Guiding elements: ● eat healthy food. ● do exercises. ● sleep well.

Test (2)

1 Choose the correct answer from a, b, c or d:

- (1) Egypt sells oil to other
(a) villages (b) cities (c) towns (d) countries
- (2) You listen to the teacher carefully.
(a) must (b) mustn't (c) haven't to (d) are to
- (3) What types of energy do people in Egypt?
(a) use (b) uses (c) using (d) used

2 Read and complete the text with the words in the box:

(jewelry – pots – cars – linen)

Salem is working on a history project about ancient Egyptians' materials like stone, clay and (1) They used gold to make (2) They used clay to make (3) The ancient Egyptians were clever people.

3 Read the text and answer the questions:

Energy is needed daily in our lives. We need it for lighting, cooking and using devices. In Egypt we use electricity, gas, and solar power. Clean energy like solar and wind are better for our planet. It saves money and helps the Earth. We should protect energy. To save energy we should turn off unused devices, walk or cycle to short distances.

(A) Choose the correct answer from a, b, c or d:

- (1) The text is about
(a) devices (b) sun (c) energy (d) school
- (2) The underlined word "cycle" means
(a) riding bicycles (b) driving buses
(c) driving cars (d) flying planes

(B) Answer the following questions:

- (3) Why is energy needed?
.....
- (4) What kinds of clean energy?
.....
- (5) What should we do to save energy?
.....

4 Put the words in the correct answer to make a sentences:

(1) wrote - I - in - notebook - my - facts - a - .

(2) are – Natural – important – Egypt – resources – for

5 Read and write the correct form of the word (s) between brackets:

(1) Students (**mustn't**) wear a uniform at school.

(2) We shouldn't (**eating**) too much junk food.

6 Punctuate the following sentences:

(1) Why did egyptians build The High Dam

(2) i drew pictures of each resource

8. You (must - mustn't - should - can) talk loudly in the hospital.
9. Rubbish on the ground is also called (littering - recycling - caring - bin).
10. The word "precious" means (difficult - small - valuable).

2 Read and complete the text with the words in the box:

mechanic - paramedic - tailor - officer - engineer

Many different jobs help the community. When your car breaks down, you need a ① to fix the engine. A ② is a person who can make beautiful clothes. A traffic ③ controls the cars on the busy roads. A ④ is usually the first person to arrive and give medical help in an emergency.

3 Read the text and answer the questions:

A young Egyptian scientist, Dr. Amina, is using her ability to find new solutions for growing food in the desert. She uses solar energy to power her water pumps instead of oil. She also discovered a way to make natural fertilizer from local plants, which helps her save water. She believes every community member must do their part to protect the environment from climate change.

A Choose the correct answer from a, b, c, or d:

- 1.** Dr. Amina uses solar energy to power her
- a)** house. **b)** car.
- c)** water pumps. **d)** garden lights.
- 2.** What is Dr. Amina trying to protect the environment from?
- a)** littering. **b)** climate change. **c)** noise. **d)** drought.

B) Answer the following questions:

3. What is the special food Dr. Amina makes for plants?

4. What natural resource is Dr. Amina trying to avoid using?

5. Give a suitable title for the text.

4 Read and write the correct form of the word(s) between brackets:

1. We must (studying) for the math test.
2. He is not able to attend the party. (can)
